HYDROBIOLOGICAL JOURNAL

VOLUME 28

CONTENTS FOR 1992

Number 1

V.V. Zamorov, V.A. Spiridonov, and G.P. Rudnev: On the Mass Seasonal Migration into the Pelagic Zone and Distribution of the Indian Ocean Swimming Crab, *Charybdis smithi* (Crustacea, Portunidae) during the Pelage Phase of its Life Cycle 1

V.G. Gagarin: Seven New Species of Freshwater Nematodes 6

A.R. Aliyev: New Species of Ciliates in the Genus *Cyrtophoron* (Ciliata, Hypostomata) from Ultrahaline and Mineralized Waters of Azerbaijan 14

V.V. Medvedev: Preliminary Results of a Study of Ciliates in a Shallow Hydrothermal Ecosystem in the Kraternaya Caldera 21

V.G. Gagarin: Nematodes of the Family Tobrilidae (Enoplida) from Arctic Water Bodies 26

V.D. Fedorov and L.V. Il'yash: Adaptive Mechanisms in Life-History Strategies of Microalgae 38

I.F. Rassashko and O.A. Karymashkov: Phytoplankton of the Upper Dnieper and Its Tributaries in the Belorussian Polesie 46

A.F. Aponasenko, V.S. Filimonov, L.A. Sirenko, V.A. Perfil'yev, and S.N. Shevchenko: Concentration of Chlorophyll *a*, Fluorescence of Dissolved Organic Matter, and Primary Hydrooptical Characteristics of Danube Waters 53

B. Bekmurzayev: Effect of Increasing Salinity on the Benthos of the Southern Aral Sea 60

A.P. Morev: Structure and Production of Macrozoobenthos Cenoses of Lake Jack London (Magadan Oblast) 64

A.F. Sorokin, V.B. An, and Ye.P. Poltolyarnyy: Rapid Hydrooptical Monitoring in Commercial Fish Culture 73

I.V. Grib, K.B. Yakubovskiy, Ye.D. Dunskaya, and V.V. Malafeyev: Evaluation of the Quality of Surface Waters for the Integrated Ecological Assessment of Landscapes 79

A.I. Merezhko, T.A. Kharchenko, A.P. Pasichnyy, I.M. Velichko, A.Z. Piontkovskiy, and V.V. Sazanov: Elimination of Nuisance Algae from Irrigation Systems 89

S.A. Afanas'yev, Ye.G. Romanova, and A.Ye. Slepnev: Bacterial Fouling of Heat-Exchange Equipment 96

V.N. Kozitskaya: Effect of Temperature on Growth and Reproduction of Algae with Different Pigment Systems 103

Number 2

L.P. Astakhova: Levels of Free Fatty Acids and Inorganic Phosphorus in the Blood of Marine Fishes and Animals 1

M.V. Malinovskaya: Daily Rhythm of Free Fatty Acids and Glucose Levels in the Blood of Carp 5

L.V. Mikhaylova: Contemporary Hydrochemical Conditions and the Effect of Pollution on the Ecosystem and Fisheries of the Ob Basin—A Survey 13
I.A. Lapin and I.A. Yedigarova: Composition and Distribution of Organic Nitrogen Compounds in Estuaries 28
T.V. Strubitskaya, I.V. Strubitskiy, and N.S. Yalynskaya: Isolation of Microsomes from the Hepatopancreas of Cyprinid Fishes *Hypophthalmichthys molitrix* and *Aristichthys nobilis* 36
A.M. Gilyarov: What Do We Know about Diapause in Crustaceans? 41
D.I. Stom and T.F. Kazarinova: Biocenologic Investigations of the Shallows of the Dnieper Reservoirs 44
V.N. Zhukinskiy: Ecological-Physiological Description of Migratory Sturgeons in the Volga River under Flow Regulation 46
O.P. Oksiyuk, V.S. Polishchuk, L.A. Zhuravleva, G.A. Zhdanova, T.G. Moroz, V.M. Timchenko, G.A. Karpova, O.A. Davydov, O.A. Kuz'ko, H.G. Aleksandrova, and T.V. Golovko: Hydrobiological Features and Estimation of Trophic Condition of Floodplain Waters in Dnieper River Estuary 49
V.B. Pogrebov, L.L. Kuznetsov, and L.Ye. Volkovskaya: Spring Phytoplankton off the Murmansk Coast: Classification of the Data 58
V.I. Mal'tsev, G.A. Karpova, and L.N. Zub: Ecological and Biocenotic Features of Some Relict Hydrophytes from the Lower Dnieper 66
G.V. Losovskaya: Small Detritovorous Polychaetes in Benthic Communities of the Northwestern Black Sea 75
N.M. Isayev and S.S. Nagornaya: The Role of Yeasts in Aquaculture—A Review 83
I.A. Balakhnin and I.I. Kozinenko: Regeneration Potential of Carp in Relation to Their Immuno-Morpho-Physiological Condition 91
I.O. Alyakrinskaya: Iron Content in the Tissues of White Sea Mussel 96
V.Z. Kurant and O.M. Arsan: The Effect of Zinc on Proteins and Nucleic Acids in the Tissues of Carp 100
L.A. Zhuravleva and N.A. Grubrina: Dissolved Oxygen and Organic Matter in Danube River Water Entering the Black Sea 105

Number 3

V.I. Peleshenko, V.N. Savitskiy, N.S. Stets'ko, and V.P. Mikhaylenko: Concentrations of Petroleum Products in Waters Near Large Power Plants 1
T.F. Kazhlayeva, I.V. Maksimova, and S.Ye. Plekhanov: Use of Principal-Component Method to Determine the Relationship between Extracellular Products of Algae and Their Physiological Condition 7
S.B. Shkundina: Use of Niche Parameters to Investigate Fluvial Phytoplankton Communities 16
M.Yu. Aleyev: A New Method of Determining the Swimming Speed of Planktonic Organisms 21
A.A. Stepanenko: The Hypothesis of Periodic Biological Relationships: The Case of Zoobenthos of the Lower Don 28
Sayed M. Hassan, Fatma B. Salem, and Nagat Abd El-salam: Simultaneous Spectrophotometric Determination of Phenol *o*-, *m*-, and *p*-Cresols in Water 42

A.V. Adrianov and A.V. Rybakov: *Kinorhynchospora japonica* gen. n., sp. n. (Microsporidia) from the Intestinal Epithelium of *Kinorhynchus yushini* (Homalorhagida, Pycnophyidae) from the Sea of Japan 52
L.P. Flyachinskaya and E.Ye. Kulakovskiy: Larval Development of the Bivalve *Mytilus edulis* (Mytilida, Mytilidae) 59
K.N. Nesis and I.V. Nikitina: Larvae of the Benthic Octopus, *Euaxoctopus panamensis* (Cephalopoda, Octopodidae), in the Plankton of the Open Waters of the Eastern Pacific 67
A.V. Adrianov and V.V. Malakhov: First Find of Dwarf Priapulids of the Genus *Tubiluchus* (Priapulida, Tubiluchidae) from Oceania (New Hebrides Islands) 74
Ye.P. Turpayeva: Pantopods (Pycnogonida) Collected off the Southeast African Shelf and Surrounding Waters 84
A.V. Rybakov and I.Yu. Dolmatov: Internal Structure of the Parasitic Copepod *Cucumaricola curvatus* (Copepoda, Cucumaricolidae) 97

Number 4

T.P. Danilenko: Sexual Cycle of the Volga Zander, *Stizostedion volgensis*, in Zaporozhye Reservoir 1
V.M. Yakushin, T.V. Bey, and L.M. Shmargun: Evaluation of the Water Quality of the Danube in Terms of Sanitary-Bacteriological Indices 11
G.A. Dallakyan, M.M. Telitchenko, I.V. Ageyeva, and S.I. Pogosyan: Inhibition of Microalgae Growth by the Photosensitizing Compound Bengal Pink 21
P.D. Klochenko: Relationship between Photosynthesis and Nitrite Accumulation in Algal Culture Media 26
S.A. Shcherban' and A.Ya. Stolbov: Changes in Respiratory Quotients and Tissue Respiration Rates of the Black Sea Mussel, *Mytilus galloprovincialis*, during Its Annual Cycle 32
L.V. Tochilina: Summer Hematologic Characteristics of Marine Fishes 40
T.D. Malyzheva and V.S. Vasilevskiy: Effect of Excess Enteric Zinc on Digestive Enzyme Activity in Carp 45
V.F. Kovalenko and N.I. Kotsar': Effect on Gas Metabolism of Carp Produced by Their Own Exometabolites at Various Water Temperatures 53
A.V. Gayevskaya and V.M. Machkevskiy: Parasitologic Aspects of Mariculture in the Black Sea 57
O.F. Filenko, Du Shihua, Cheng Xulong, Zhang Yugi, and Zhang Tingming: Effect of Mercury on the Relative Proportions of Certain Elements in the Tissues of Carp 62
M.M. Mitrokhin, I.V. Zhigacheva, L.T. Chamorovskaya, and A.P. Agureyev: Coupled Oxidation and Phosphorylation in Liver Mitochondria as an Indicator of Effluent Toxicity 69
V.M. Timchenko and V.L. Gil'man: Ecological and Hydrological Calculations Associated with the Melioration of Floodplain Lakes of the Lower Dnieper 75
V.N. Linnik and N.N. Osadchaya: Molecular-Weight Distribution of Dissolved Organic Matter and Copper (II) Bound to It in Kiev Reservoir 79
A.G. Mladenova: Growth of *Asellus aquaticus* as a Function of Temperature 87

A.V. Adrianov, A.A. Reunov, and V.V. Malakhov: Fine Structure of the Testes and Features of Spermatogenesis in the White Sea Priapulid *Halicryptus spinulosus* (Cephalorhyncha, Priapulida) 94
L.V. Kul'kina: *Stygobromus kazakhstanica* sp. n. (Amphipoda, Crangonyctidae) from Subterranean Waters of Tien Shan 104

Number 5

I.G. Vladimirova, S.Yu. Kleymenov, and R. Perez: Oxygen Uptake Rate as a Function of Body Weight in Certain Gastropods of the Gulf of Mexico 1
Ye.Yu. Zolotukhina and Ye.Ye. Gavrilenko: Distribution of Copper and Cadmium in Aquatic Macrophytes 7
A.Ya. Malyarevskaya and F.M. Karasina: Variations in Levels of Heavy Metals and Total Thiamine in Fishes 17
V.I. Kozlovskaya and V.I. Martem'yanov: Activity of Brain Acetylcholinesterase in Carp (*Cyprinus carpio*) in Acute and Chronic Exposure to Phenol 25
V.G. Klenus, M.I. Kuz'menko, L.P. Matviyenko, A.I. Kaglyan, and O.I. Nasvit: Radionuclide Concentrations in Water and Suspended Matter of the Dnieper and Its Reservoirs 34
L.A. Sirenko, L.Ye. Kostikova, T.F. Shevchenko, and I.Yu. Kostikov: Change in Morphologic Structure of *Microcystis aeruginosa* Populations of the Dnieper Reservoirs after the Chernobyl Nuclear Accident 40
V.D. Stepanov, G.I. Ogurtsov, and R.P. Stepanova: Modified Techniques for Collecting Zooplankton and Determining Its Biomass 46
O.M. Pashkova: Diurnal Variations of Near-Bottom Zooplankton in the Shallows of Kakhovka Reservoir 50
L.I. Lokot' and L.I. Gladkikh: Relationship between Body Weight and Dimensions of Infusorians 60
V.V. Sherstyuk, N.V. Koval', A.I. Sergeyev, and V.N. Kolesnikov: Occurrence of the Ukrainian Lamprey, *Lampreta mariae* (Cyclostomata, Petromyzonidae), in Rivers of the Upper and Middle Dnieper Basin 66
O.G. Kusakin and M.V. Malyutina: Additions to the Isopod Fauna of the Genus *Cilicaeopsis* (Isopoda, Sphaeromatidae) from the West Pacific, with Description of Two New Species 69
A.Ye. Antsulevich: New Species of Hydroids (Cnidaria, Hydroidea) from the Bathyal Zone of the Pacific 81
N.P. Finogenova: On Age-Related Changes in the Morphology of the Baikal Leech *Codonobdella truncata* and New Taxonomic Status of *Dagarobdella zelenskiji* (Piscicolidae) 85
A.I. Buyanovskiy: Ecology of the Dogwhelk *Nucella freycinettii* (Prosobranchia, Thaididae) Associated with Its Feeding on Mussels on the Atlasova Island Littoral (North Kuril Islands) 90
V.P. Galantsev, A.G. Kupin, and V.I. Shereshkov: Ecological and Physiological Features of the Respiratory and Cardiac Activity of the Freshwater Amazon Dolphin, *Inia geoffrensis* 97

N.V. Lipatov: Outer Ear of the Northern Fur Seal, *Callorhinus ursinus* (Pinnipedia, Otariidae): Structure and Function 105

Number 6

V.N. Kozitskaya: Acidification of Water Bodies and Its Ecological Consequences: A Survey 1
L.V. Stel'makh: Photosynthetic Rates of Two Size Fractions of Phytoplankton in Eutrophic Waters of Sevastopol Bay 13
S.A. Piontovskiy and S.M. Ignat'yev: Large-Scale Lateral Distribution of Zooplankton Biomass in the Tropical Atlantic Ocean 21
Ye.M. Kostrichkina, R.L. Line, V. Berzin'sh, B.A. Modrya, and M.B. Mazmach: Species-Level Prediction of Zooplankton Abundance in the Gulf of Riga 27
M.M. Telitchenko, I.F. Shatalayev, and T.B. Volgina: Changes in Molecular Forms of Dehydrogenases in a Model of an Activated Sludge Ecosystem 35
G.N. Oleynik: Oxygen Demand of Bottom Sediments 45
N.A. Potapova and T.V. Korolevskaya: Effectiveness of Energy Processes in Bacterioplankton under Human Impact (the Case of the Dniester River and Its Estuary) 52
V.A. Kuzhinovskiy and I.N. Mitskevich: Microbiological Activity in the Water around Black Sea Mussel Colonies 58
M.Yu. Aleyev: Active Metabolism of Planktonic Flagellates 62
S.A. Shcherban': Relationship between the RNA/DNA Ratio, Relative Protein Content, and Dry Weight of Mussels in a Short-Term Experiment 69
A.O. Alyakrinskaya: Solution of the Hypostracum as Related to the Stability of White Sea Mussels Exposed to Fresh Water 75
I.V. Volkov, I.N. Zalicheva, N.V. Kaymina, V.S. Ganina, and G.V. Movchan: Regional Characteristics of the Resistance of Hydrobionts to Metal Toxicity 80
S.A. Ostroumov and A.E. Golovko: Use of Rice Sprouts for Bioassay for the Toxicity of the Surfactant Sulfonol 84
L.A. Tiktin, A.A. Glavin, N.D. Osin'kovskaya, V.M. Mikhaylenko, M.A. Furman, and B.L. Rubenchik: Cytotoxic and Genotoxic Activity of Water in a Model Aquatic System Containing Nitrates and Carcinogenic Nitrosamines 89
I.I. Dedyu and A.P. Gerbeleu: Toxicologic Evaluation of the Effect of Cresacin on *Daphnia magna* 97
L.G. Kulebakina, V.N. Yegorov, and G.G. Polikarpov: Redistribution and Total Amount of ^{137}Cs in the Black Sea, 1987–1988 105

Number 7

T.I. Shokhod'ko, P.I. Drobot, M.I. Kuz'min, and A.Ya. Shklyar: Accumulation of Radionuclides by Higher Aquatic Macrophytes 1
A.Ye. Kaglyan, I.V. Pan'kov, Ye.N. Volkova, and I.V. Amiridi: Radioecological Investigations of the Upper Dnieper Ecosystem 9

A.P. Sadchikov and O.V. Kozlov: Double Tagging with ^{14}C and ^{3}H to Determine Phototrophic and Heterotrophic Activity of Algae and Bacteria 15
I.Kh. Alekperov: A New Modification of the Method of Silver Proteinate Impregnation of the Kinetome of Ciliates 19
I.Kh. Alekperov and N.V. Mamayeva: Planktonic Ciliates from the Chukchi and Bering Seas 23
A.V. Moshchenko: Morphology and Variability of Colonies of Branched *Millepora* (Hydrozoa, Athecata, Milleporidae) from Vietnam 34
I.G. Polikarpov and I.V. Burkovskiy: Experiments on Introducing a New Species into a Protozoan Community 43
V.M. Alekseyev: Morphology of New and Rare Species of Nematodes from the Southern Far East 48
M.N. Semenova, L.A. Karpycheva, B.B. Voloshenko, and V.F. Bugayev: Comparative Analysis of Growth Rates of the Freshwater Pearl Mussel, *Margaritifera margaritifera* (Bivalvia, Margaritiferidae), in Different Waters 59
A.G. Rogozin: Ecology of Freshwater Turbellarians. Search for Methods to Identify Synecological Groups 69
A.V. Martynov and A.V. Chernyshev: New and Rare Species of Freshwater Bivalves from the Soviet Far East 76
R.M. Kamaltynov: On the Present State of Amphipod Systematics 82
A.V. Rzhavskiy: Review of Marine Circeinae and Spirorbinae (Polychaeta, Spirorbidae) of the USSR with Description of a New Species, *Circeis gurjanovae* 93
V.N. Andronov: *Ryocalanus admirabilis* sp. n. (Copepoda, Calanoida, Ryocalanidae) from the East Central Atlantic 105
R.N. Burukovskiy: New Species of Shrimp from the Genus *Plesionika* (Crustacea, Decapoda, Pandalidae) from Pacific Ocean Seamounts 111
